

Know from anywhere.

You can see all your cameras from the Nest app and receive phone alerts or an email when something happens.

We take your privacy seriously.

Welcome home.

# Meet Nest Cam Outdoor.

## Look for the light.

- Nest Cam is on.
- Connecting to Wi-Fi.
- Blinking green means that someone's watching.
- Blinking blue means that someone's talking through the speaker.

## Clear as day. Even at night.

The 130° view shows you the full picture in 1080p HD. And Night Vision illuminates the whole scene.

## Talk and listen.

Nest Cam has a mic and speaker so that you can hear what's going on and talk through the Nest app.

## Rain or shine.

The camera, cable and adaptor are all weatherproof.

**Tip:** Choose a good vantage point for your Nest Cam – remember to keep it out of direct sunlight. See more tips at [nest.com/eu/setup/nestcam](http://nest.com/eu/setup/nestcam)

# You've got a free trial of Nest Aware.

Subscription sold separately.

Nest Aware is a subscription plan that gives you more intelligent alerts and 24/7 continuous recording. And you automatically have a free trial. Here's what you'll get:

## Person alerts

There's a lot going on outside. Nest sends you the alerts that you care about, such as when someone is coming or going.

## Video history

Continuously record up to 30 days of video in the cloud and see the full story, not just part of what happened.

## Activity Zones

Keep a closer eye on areas that you care about – such as a front door or garden shed – and receive alerts when something happens there.

## Share custom clips

Easily create clips to share with family and friends. Or make a timelapse film.
